

What is Living Water?

HYDROGEN RICH MICRO CLUSTERED
MEDICAL GRADE WATER

Not all water is created equal
change your water, change your life

What is Living Water?

In only a few locations worldwide, natural alkaline hydrogen water has been discovered, typically near areas where the water is naturally enriched by the Earth – essentially, alive! The main advantages stem from the water's naturally reduced negative charge, mineral-rich properties, and abundant active molecular hydrogen. Through Japanese technology, a process has been developed to replicate these properties in our households.

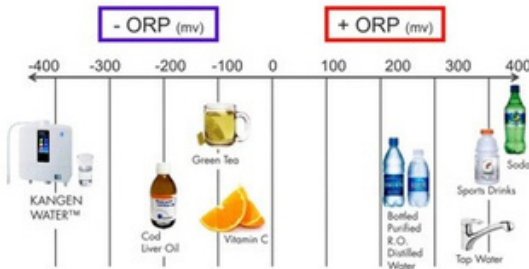

Our ERW medical-grade water machine generates vibrant, structured, hydrogen-rich water, achieved through VIA electrolysis, making it a medical-grade water infused with an additional hydrogen molecule. This water is the sole certified medical-grade water globally and the only gold-level certified machine recognized by the Water Quality Association.

HOW DOES IT HEAL?

ORP Stands for "Oxidation Reduction Potential".

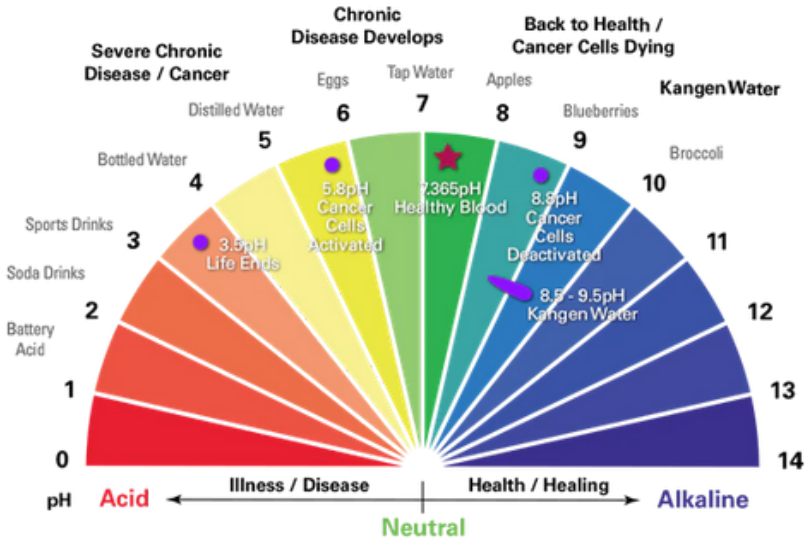

A Positive +ORP Means the Substance is an Oxidant (Bad for Health). A Negative -ORP Means the Substance is a Potent & Powerful Antioxidant (Excellent for Health).

HERE ARE THE TOP THREE HEALING BENEFITS OF LIVING WATER:

1. ELECTROLYZED REDUCED WATER (ERW): THIS WATER IS RICH IN MOLECULAR HYDROGEN, WHICH HAS BEEN SCIENTIFICALLY PROVEN TO ELIMINATE FREE RADICALS THAT CAN DAMAGE CELLS, LEADING TO INFLAMMATION AND ILLNESS.
2. ANTIOXIDANT PROPERTIES: LIVING WATER CARRIES A HIGH NEGATIVE ORP (OXIDATION REDUCTION POTENTIAL), MAKING IT A POWERFUL ANTIOXIDANT AND THE MOST POTENT ON THE ORP SCALE. OXIDATIVE STRESS IS LINKED TO CONDITIONS LIKE CARDIOVASCULAR DISEASE, CANCER, AND OTHER CHRONIC ILLNESSES. ANTIOXIDANTS HELP INHIBIT THE OXIDATIVE PROCESS, THEREBY DELAYING OR PREVENTING OXIDATIVE STRESS.
3. MICRO-CLUSTERING: LIVING WATER CONTAINS FEWER AND SMALLER MOLECULES, HYDRATING THE BODY MORE EFFICIENTLY, BOOSTING ENERGY LEVELS, AND PREVENTING PREMATURE AGING. THE MICRO-IONIZED WATER MOLECULES CAN PENETRATE CELL WALLS AND HELP ELIMINATE ACIDIC BUILDUP IN THE BODY.

STUDIES & RESEARCH

Potential of Hydrogen (PH)

As with most things in life, optimal health begins with balance. In order to transport oxygen throughout the body we must maintain a pH balance of 7.365, which is slightly alkaline. A pH scale is used to determine whether a substance is acidic or alkaline. On this scale 7.0 is neutral. Anything above 7 is considered alkaline and anything below 7 is considered acidic.

Negative ORP.

Testimonials

RECOMMENDED BY 6500 DOCTORS & NATUROPATHS, ALONG WITH NUMEROUS HOSPITALS WORLDWIDE.

Dr. Horst Filterz

"Personally, I can testify that there is no question that my own life has been markedly enriched by the ingestion of Kangen Water®... I endorse Kangen Water® as a physician, as a surgeon, as a human being, 100%. I feel that it is of great benefit to all mankind... I can only recommend it in the highest way."

Dr. Corinne Allen

Often those with brain challenges like Autism and Aspergers, drink almost no water each day, only accentuating the problems in brain functioning. In Autistics and others where brain inflammation is high, toxins can more easily cross the blood brain flooding the brain with free radicals. Kangen Water® has been providing my clients with a strong source of antioxidants and improved hydration. In our brain programs we observed that our therapeutic expectations have been significantly exceeded by adding Kangen Water® to the treatment plan."

DRINK THE RIGHT WATER. THE RIGHT IONIZED WATER HEALS. WHEN I TALK ABOUT WATER I'M TALKING ABOUT KANGEN WATER FROM ENAGIC. WE'VE NEVER SEEN ANYTHING LIKE IT AND WE HAVE STUDIED IT FOR YEARS & YEARS NOW. OUR BODIES ARE ELECTRIC. OUR CELLS RUN AT A CERTAIN MILLIVOLTAGE & IF THEY'RE NOT THERE. . .YOU'RE SICK, YOU'RE ACIDIC AND YOU'RE INFLAMED. MOST PEOPLE ARE THAT WAY TODAY BECAUSE

THEY'VE GOT CHRONIC SICKNESS AND DISEASE."

-DR G. WRIGHT. FOUNDER OF THE ANTI CANCER INSTITUTE OF AMERICA.

"BLOOD TESTS AT MY INTEGRATIVE CENTER CAME BACK ZERO CIRCULATING TUMOR CELLS (AKA NO CANCER!). SO THEY DON'T HAVE TO RUN ANOTHER TEST. I'M SO BEYOND GRATEFUL."

-DIANA G.

"I USED TO HAVE HORRENDOUS ECZEMA OFTEN TO THE POINT OF INFECTION. AND SINCE DRINKING THE 9.5 WATER AND SHOWERING IN THE ANESPA, I HAVEN'T HAD ONE FLARE UP."

-MICHELLE V.

HOW DOES IT WORK?

The Medical Grade Machine is a countertop device that connects directly to your faucet.

- It offers a range of pH settings, from 2.5 Hypochlorous Acid to 11.5 pH, which can be adjusted at the press of a button.
- Simply connect it to your tap, let the water pass through the machine for filtration, and then undergo electrolysis to produce hydrogen-rich living water.
- The machine is portable for travel, and you can carry bottles of the water through security as it is certified medical grade!

Step 1: Filtration

- The internal High Grade Filter removes chlorine, unpleasant taste and odor, chemicals, pharmaceuticals, and reduces sediments up to 5 micrometers to create clean water.

Step 2: Electrolysis

- By undergoing electrolysis, your tap water transforms into Hydrogen Rich (OH-) water. This water contains a high concentration of Active Hydrogen (OH-), which acts as a potent antioxidant that quickly spreads across cell membranes.
